

Comprehensive Person Search

The Comprehensive Person Search is a search that allows you to go deeper in your search to locate your debtor by searching multiple databases in one search. To obtain a Comprehensive Person Search simply enter the subject's SSN or full name, street address, city, state, and zip code and click the "Search" button. If you are unable to obtain a result using just the SSN, try using SSN and your debtor's last name and first name.

The Comprehensive Person Search will provide (when available) subject info including AKA's and Phones, current Drivers License (Address, State, County, Potential SSN, LexID, DOB, License Number, Record Type, Expiration Date), current Property Deed (Owner name, property address, assessed value, assessed year), Directory Assistance Phones, latest Bankruptcy filing (Date filed, chapter, disposition date, disposition, debtor name & address), and current address Household Members.

The Comprehensive Person Search also offers users the option to gather additional information by clicking on report icons within the search results. The report icons available allow users to order a Comprehensive Report and Property Report thereby digging deeper to locate their debtors.

The Accurint® Comprehensive Report service is not provided by a "consumer reporting agency," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) ("FCRA") and does not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, the service may not be used in whole or in part as a factor in determining a consumer's eligibility for credit, insurance, employment or for other eligibility determination purposes that would qualify the service as a consumer report under the FCRA.
